

January 3, 2011

I hope everyone enjoyed Christmas vacation...it goes by far too quickly.

In January, we will begin a "Student of the Month" project. If you could please send in a picture of your child doing something they enjoy or from a fun event that would be great!!! I will put the assigned Student on our monthly calendars. We will also be reviewing the colors, shapes and letters we have learned this far, as well as learning about the color Blue and Rectangle shapes.

Please try to remember to help your child find something to share on their show and tell day. They enjoy getting up in front of the class and telling about their treasure and they are disappointed if they do not have something to share.

Just a reminder: Please call me or the Church office (668-2364) if your child will not be in school due to illness or for some other reason.

Thank you for sharing your children with me. If you have any questions or concerns, please feel free to contact me at 668-9988 or [colecampkollbaum@hotmail.com](mailto:colecampkollbaum@hotmail.com).

In HIS Loving Grip---Mrs. Angie

Happy New Year and I pray you and your families enjoy  
God's richest blessings in 2011!
